Amazing Science in the King James Bible

Fact #85

Science Confirms the Bible

(Colossians 2:3)

These insights place the Bible far above every manmade theory and all other so-called inspired books. In contrast, the Koran states that the sun sets in a muddy pond (Surah 18:86). The Hadith contains many myths. The Book of Mormon declares that Native Americans descended from Jews - which has been disproven by DNA research. The Eastern writings also contradict true science.

Fact #86

Love Explained *(Matthew 22:37-40; 1 John 4:7-12)*

Evolution cannot explain love. Yet, God's Word reveals that the very purpose of our existence is to know and love God and our fellow man. God is love, and we were created in His image to reflect His love.

An Excerpt from the Christian Gentleman's Handbook

A dedicated Christian man will step in and help where needed.

A Christian gentleman does not bring his problems to church on his shirt sleeve.
